

Change of Company Name

Dear valued customers,

We are proud to announce that effective 2nd February 2016, our registered name, Tang Seng Engineering Pte Ltd will be changed to **Tang Seng Nitrogen & Pump Systems Pte. Ltd.**

The oilfield service industry has undergone a significant transformation and progress in the past decade. Tang Seng has been servicing this industry for over 25 years since 1990. The new name will better reflect our expertise and experience in nitrogen and pump systems manufacturing and service excellence.

Our company contacts and address remain unchanged. The change in name does not affect our business structure and management policy. As always, we will continue to provide the same quality products and services as we had over the past 30 years.

We thank you for your past unwavering support and we look forward to delivering your orders with this new branding.

Yours Sincerely,

Goh Buck Hong

Managing Director

Tang Seng Nitrogen & Pump Systems Pte. Ltd.
